

# INTO THE FLOYD

AN INTERSTELLAR JOURNEY INTO THE MUSIC OF PINK FLOYD

**Into The Floyd** emulates the experience of a live Pink Floyd concert with fully immersive lighting and visuals that weave through the sonic tapestry of the Floyd soundscape.

While being able to perform note-perfect renditions of Pink Floyd's studio recordings, **Into The Floyd** also takes pride in re-creating classic live versions of Floyd songs and will often create compelling hybrid editions of their own. Diehard fans will be happy to hear deep tracks, and casual listeners will know the FM hits.
